

Cavalry™ Complete

Nonionic Surfactant • Drift Control Agent
Deposition Aid • Water Conditioner

ACTIVE INGREDIENTS

- Water conditioners, surfactants, defoamer, drift management agents, and inert ingredients 100%

APPLICATION DIRECTIONS

- Typical use rate is 2 qt/100 gal of water

PACKAGE SIZE

- 2x2.5 gal
- 265 gal

FEATURES AND BENEFITS

- Superior chemistry making this an all-in-one adjuvant.
- Industry leading low use rate.
- Diminishes fine droplets to ensure target application.

Cavalry™ Complete is a unique, all-in-one adjuvant possessing cutting-edge features and an unparalleled use rate, that provides unmatched convenience and simplicity for its users.

Cavalry Complete can be used with a wide range of pesticide spray mixtures when accompanying labels recommend surfactants, water conditioners and deposition aids and drift control agents.

Cavalry Complete does not contain ammonium sulfate or acidify the spray solution and is compatible with a wide array of herbicides including those that contain glyphosate, dicamba, 2,4-D and many others. Humidome trials with Cavalry Complete have demonstrated minimal or no impact on pesticide volatility and wind tunnel trials with Cavalry Complete have demonstrated reduced fine droplet formation from most pesticide spray solutions.
